

George Creek Assessment Role Total 1960 Budget---\$1,440.00

Total acreage to be assessed ~~3,012.83~~ 3,222.71 acres

(1) George Creek Irrigation Co. 1,879.98 acres = ~~\$ 840.03~~ \* \$933.81  
Yost, Utah  
Mr. Yale Montgomery, Pres.

(2) Wallace Spencer 1,132.85 acres = \$506.19  
Yost, Utah

3,012.83 acres *OK 70*

There are no known stock watering interests who are not a part of the George Creek Irrigation Company, and not being assessed under the acreage listed for the company in the George Creek Priority Schedule.

*This includes the*

High Water Interests *of*

~~1,879.98 acres~~ (Acreage included in 1,879.98 acre total of George Creek Irr. Co.)

(3) Byron L. Chadwick *\$55.23 =* 123.60 acres *although included in the*  
Yost, Utah

*and*

(4) Roy A. Teeter *\$38.55 =* 86.28 acres  
Yost, Utah

(These high water interests receive no water until the flow of George Creek rises above 66.0 cfs. They may never be delivered water under this condition

*but agreed to being assessed in*  
High Water supplemental irrigation

*\$1,440.00*

209.88 acres

3,222.71

total acreage to be assessed.

*on an acreage basis. Assessment in the future will only be on a foot delivered during the past year or years.*

Note: The high water interests agreed to be assessed on their rights for 1960. This will mean a double assessment on a part of the George Creek Irr. Co. acreage. The 1961 assessment will be made on an acre foot delivery basis and the high water interests will be assessed only if the water that is delivered to their rights. Since the peak flow of George Creek has been less than 30.0 cfs, it is unlikely that the high water interests will ever be assessed again.

*S/E No.*

*Rate = \$0.4468789120*

1. Rate times 1,879.98 = 840.03  
2. " " 1,137.85 = 506.19  
3. " " 123.60 = 55.23  
4. " " 86.28 = 38.55  
Total (3,222.71) = \$1,440.00

1960 assessment - \$1,440.00 - George Creek

3/E No.

1. \* \$898.55

2.  $\frac{541.45}{\$1440.00}$

\* Note: This total assessment for 1960 actually includes the high water interests of <sup>Mr.</sup> Byron L. Chadwick's Adjudication acreage of 123.60 and whose portion of such assessment is \$59.08 and Mr. Roy A. Teeter's Adjudication acreage of 86.28 whose portion of such assessment is \$41.24 which leaves the George Creek Irrigation Company's portion of such assessment at \$798.23 or a total of \$898.55 for these three users.

P

Iniz Co. = 1,670.10 - \$ 798.23

Chadwick, - 123.60 - \$ 59.08

Teller = 86.28 - \$ 41.24

Spencer = 1132.85 - \$ 541.45

Total 3,012.83 - \$ 1440.00

Rate = \$ 0.4779559420
